Ontario Institute of Health and Innovation (OIHI) is committed to taking all reasonable steps to ensure that students can successfully complete their program. Ontario Institute of Health and Innovation (OIHI) has a commitment to ensure that, within this framework, all students are treated fairly and equitably.

These regulations apply equally to students who are undertaking internships or co-ops as a part of their program of study and are relevant to the attendance of all scheduled classes, regardless of their method of delivery (in person, online and/or virtual).

This policy applies to students' conduct on Ontario Institute of Health and Innovation (OIHI) 's premises; however, it may also be applied to conduct that occurs off the college's premises

if that conduct threatens or is perceived to threaten the safety or well-being of any student, staff, or member of the Ontario Institute of Health and Innovation (OIHI) community or if the conduct is considered to bring the name of the college into disrepute.

Definitions

Verbal Warning: This is an official yet informal disciplinary action where a student is notified, either on campus or via phone call, by administrator, or staff member about inappropriate behavior or a violation of school policies. It serves as a first-level intervention to allow the student to correct their actions without formal penalties, such as suspension or expulsion.

Written Warning: This is a formal disciplinary action where a student is officially notified in writing about a violation of school policies or inappropriate behavior. This communication, delivered either via email or letter, outlines the issue, expectations for future behavior, and potential consequences if the misconduct continues.

Suspension: This is a temporary removal of a student from the college or specific courses for a set period. During the suspension, the student is not allowed to attend classes or participate in academic or extracurricular activities. Suspensions may vary in length depending on the severity of the violation, but after the suspension period ends, the student may be allowed to return under specific conditions.

Student Withdrawal: The act of leaving the school or an organization voluntarily by submitting a formal request often through the registrar's office or an online student portal. For more details regarding this process please refer to Policy ID: 4-403 Student Withdrawal Policy.

Administrative Withdrawal: The act of sending someone away from a school or an organization by school administration with the possibility of readmittance/reinstatement. Please refer to the Reinstatement and Readmittance Policy for details.

Expulsion: This is the permanent removal of a student from the college. An expelled student is no longer eligible to attend the institution or participate in its programs. Expulsion is typically reserved for the most serious offenses, and unlike suspension, expulsion does not allow for the possibility of returning to the institution. And it is to be decided by the board of directors of the institution at a one-on-one basis.

Poor Academic Performance: The minimum required grade to progress in a program of study. Please refer to the academic standing and progression policy.
